We continue to circulate the leads until employers confirm that they have engaged a suitable provider. Whilst this process may take several weeks, the leads will remain open and providers are still invited to make contact with the employer for all suitable leads listed here.

Please keep us posted on your progress with any leads so we can monitor the success of our leads.

These leads have been specifically generated for Occupational Health and Wellbeing Providers registered with OHPR.

All lead contacts are monitored with the employer to ensure the details are not shared outside OHPR.

Feedback from these leads will be posted on www.ohpr.co.uk
